A Message From The President

Wade S. Argo

Allied Finance Adjusters, the largest and oldest national trade association representing repossession companies throughout the United States, is honored to offer yet another directory outlining the most highly trained professional repossession agents in business today.

We are honored to be able to boast that we are the only remaining repossession trade association that offers lenders a printed directory. Allied recognizes the importance of supplying lenders with a hands-on publication outlining the information needed to choose the correct agent for the job. Our directory contains the necessary documents lenders need to make the correct decision when choosing a highly trained professional repossession agency.

Allied recognizes the importance of a continuing education program for our member agents, we also recognize that with the rise in the amount of violence being directed towards repo agents across the nation, along with the ever-increasing liability being levied against lenders, it's imperative that you be protected from liability by utilizing highly trained and professional individuals to do the delicate and yet highly vulnerable task of recovering your collateral.

Allied sponsors throughout the year CFPB Compliance and training seminars. Allied encourages our members to maintain regular training sessions with their office staff and employees to ensure that their employees are prepared for any situation that may arise.

Allied agents also participate in continuing education programs surrounding Situational Awareness and Confrontational Avoidance Techniques (SACAT), Support Employee Compliance Training (SECT), Fair Debt Collection Practices Act (FDCPA) Support Employee Compliance Training (SECT). These courses, along with a comprehensive understanding of the Gramm-Leach-Bliley Act, make Allied members a valuable tool in your toolbox.

Along with the protection of a comprehensive training package, Allied is the only trade association that offers our members access to \$1,000,000 in fidelity insurance coverage for third party client property exposure and protection. We are the only trade association that has on staff a full-time legal advisor who is available to our members to answer those difficult questions surrounding repossessions.

All these tools provided along with the professionals listed within this publication are designed to make the repossession process a smooth and less worrisome task.

As President of Allied Finance Adjusters, I am proud to represent the companies in this book, and I look forward to you taking advantage of this latest publication.

Wade S. Argo
President, Allied Finance Adjusters

Recovery Agents Benefit Fund (RABF)

The Recovery Agents Benefit Fund (RABF) is for you, your friends, your coworkers & your family. Need help? It's there when you need it.

The RABF is a non-profit charitable organization formed by repossession agents for repossession agents. Since 2002, it's helped scores of families by distributing hundreds of thousands of dollars to them in their time of need. It may have been due to the death of a repo agent on the job; to help the family with the medical bills left behind as a result of the loss of a loved one; or to make a payment on behalf of the family directly to a funeral home. (There are guidelines for qualifying you can review on the website on the 'Eligibility' page.)

While the reasons may vary, the purpose is always the same. To help our own in their time of need. The RABF is a federally registered 501c3 non-profit organization which is run by administrative volunteers who donate their time, talent and energy without pay of any kind. There is also an advisory committee which reviews every claim, manned by volunteers from repo associations across the US. Their purpose is to determine how this fund can best help those in our industry that are in need that qualify.

The RABF relies solely upon the generosity of others for their funding. Contributors who truly care about our industry are the individuals that keep this fund alive. You never know when you may need this help. No one does. The point is, that the RABF wants to be there when you need it. Please take the time to visit their website:

www.RecoveryAgentsBenefitFund.org and read about what they do, and how they do it. Take a moment to visit the section entitled "Legacy". This section is new and is being devoted to those that are no longer with us. Perhaps you have someone you would like to submit for consideration.

Take a look at the long list of those that the RABF has helped in their time of need. That list by name is in the "Those We've Helped" section. Sign up for their free bulletins to keep informed on happenings within the RABF in our industry. Finally, if your circumstance permits, take the time to make a donation to this worthy cause. You, your friends and your family will appreciate it, and may even benefit directly from it one day. We never know what tomorrow may bring.

RABF would like to thank all who have donated in the past. We have created this "Legacy" page for all of our fallen friends, employees and family members. If you would like to submit a "Legacy" please do so by clicking on the RABF Legacy logo.. This page is for anyone related to the repossession industry. Thank you and God Bless.

For more information about donating please call (703) 365-0409 or send your donations to:
The Recovery Agents Benefit Fund at PO Box 4102, Manassas, VA 20108.
