Lenders this is what you have been waiting for!

Allied Finance Adjusters announced at their Midyear meeting, their new and improved Member search functions. Lenders can now search by their debtors home or employment zip code and locate an AFA Bonded member's physical office location within a 100 miles radius. The search results page show each AFA Member by miles to your debtors location. For those who prefer a more visual perspective use the AFA Interactive map by searching their debtors address and zooming in on the closest AFA Bonded member's physical office location. **This is an industry first brought to you by Allied Finance Adjusters!**

The AFA website and printed membership directory only list its members by physical office locations. AFA Members cannot **buy** additional city or state listings if they do not have a physical presence. You can be assured if you send out an assignment to an AFA Member they have an inspected physical office location. With over 315 members nationwide Allied is truly the **largest** Not-For-Profit trade association to the repossession industry.

You searched for all Allied Members within a 100 mile radius* of zip code 90807.

Click on the Company Name to view the company profile and send assignments. You can also click on the titles to re-sort your results.

Wait there's more!

Go Green with AFA Compliance Document Checkmark System!

Allied Finance Adjusters has implemented a CFPB Compliance check mark system. Clients when searching the **www.AFArepo.com** website by their debtors zip code, the results page will not only display the closest member by miles but also show a series of Green check marks. Hovering over the green check marks indicates what specific CFPB Compliant document they uploaded. Clicking on the AFA Members Company name will bring you to their profile page where the documents are located. Here you can view, print and assign work directly to the member by simply clicking the **“Send Assignment”** button. Clients now have instant access to each member’s documents, no email, fax or phone request needed and a secure compliant portal to send assignments directly to the member, not a third party software. Not to worry all time limited documents are automatically removed from the system on the expiration date.

Allied Finance Adjusters believes it is up to the lien holder, based on their CFPB requirements, to decide which repossession companies are CFPB Compliant. As we all know there is no official industry standard at this time. What we can and did accomplish is streamlining the process of obtaining the documents that are generally required by lien holders.

Allied Finance Adjusters Service Stars!

On the search results page and on each members profile page, you may see a gold star. By hovering over the star you will see the members achievements within the association. Since Allied Finance Adjusters is a true **Not-For-Profit** trade association and 100% led by member volunteers we would like to recognize these member for their hard work and dedication that drives this association in a forward thinking direction. **Give it a test drive today!**
