Introduction to Alex Price – Master Files

Alex Price is a nationally-recognized expert on the Art of Skip Tracing with over 25+ years of experience in skip-tracing, collections and public speaking. Alex began his career with Barnett Bank as a field representative collecting past-due accounts. He then moved to World Omni Finance, where over the next ten years he worked in all aspects of collections and handling the nationwide charge-off skip portfolio.

In 1995, Mr. Price ventured out and opened his own skip-tracing company, Renegade Research, Inc. After 10 years of operating his own successful skip-tracing company, he joined the MasterFiles® team as a Consultant in May of 2006. Later that same year he accepted the position of National Sales/Training Manager to bring the next generation of skip-tracing technology to the Lending and Recovery industries.

Alex Price has become a highly sought-after speaker in the auto recovery, bail enforcement and finance industries. He combines old school skip-tracing methods with new age cyber-tracking technology to equip attendees with tools that he gained through invaluable experience. He balances the hard facts about skips with just the right amount of humor and a touch of southern charm.
